STEP INTO THE FUTURE STAIR CAMPAIGN

This campaign was originally inaugurated to help defray the cost of the replacement of the stairs leading up to our church. The original concrete base of the old stairs and its covering had to be replaced with a new concrete base and new granite steps.

The total number of granite slabs for the sale was 156. The total of these granite steps would have covered the total cost of the replacement of the stairs. We were very pleased with the response that we received from our own parishioners as well as friends from various parts of Canada and the USA. To date, the number of pieces of granite sold is 52 and the number left to be sold is 104.

The parish council has asked the stair campaign committee to remind one and all that the campaign is on going until all the stairs are sold. In the remaining stairs the price ranges are:

44 pieces between	\$607.00 and \$937.00
21 pieces between	\$1000.00 and \$1100.00
20 pieces between	\$1105.00 and \$1200.00
11 pieces between	\$1214.00 and \$1299.00
4 pieces at	\$1556.00
4 pieces between	\$2770.00 and \$2875.00

In order to facilitate the sale of the granite steps, we are accepting payments over an extended period of time (a maximum of three years). When the total amount is paid, then the engraved plaque will be installed.
